STAT
STAT 12. [redacted] THIRD AGENCY Beverly Davidson,
on the staff of the Congressional Budget Office, called inquiring
as to where she should submit a request for compartmented clearances
✓ for [redacted] a new member of the staff. She explained
that she had in the past made her request to the Department of
Defense. I told her she should continue to submit her requests
to the Department of Defense and that our office will make a final
review.

STAT
STAT 13. [redacted] LIAISON Per her request, I sent
the Agency publications entitled "Least Developed Countries:
Economic Characteristics and Stake in North-South Issues" and
"Director of Soviet Research Organizations" to Suzanne Boisclair,
Office of Technology Assessment.

STAT
STAT 14. [redacted] LIAISON Kirk O'Donnell, in the
office of the Speaker of the House, reported that the Speaker
was pleased with the briefing provided on the so-called build-up
on the 38th parallel. The Speaker had been receiving some rather
alarming reports and having a more tempered assessment, even if not
in the greater detail he would have liked, was helpful in the con-
sideration of the assistance bill which was on the floor yesterday.

STAT
STAT 15. [redacted] LEGISLATION Mike Wenk, Department
of Justice, called to work out strategy in connection with the
excludable aliens provision in the State/Justice authorization bill.
It was agreed that it was best to tackle this in Conference.
